ScootPad™
ADAPTIVE LEARNING PLATFORM

GETTING STARTED
FOR TEACHERS

1

SIGN UP FOR AN ACCOUNT

Go to scootpad.com/signup and select **Teacher.**
You will receive an email from us asking you to verify your email address.

2

ADD YOUR CLASSROOM

After logging in, simply click the **+ Add Classroom** button from your dashboard.

1. Give your class/group a name to uniquely identify it.
2. Choose the default Learning Path for your class (grades K-8 are available).
3. Click **Save** and your new class will be created.

Note: The grade specified here is used to assign the Common Core Standard
      Learning Paths by default. You can always change/customize Learning Paths
      later.

3

ADD STUDENTS TO YOUR CLASSROOM

There are 3 ways to add students to your classroom. Start by going to the **Student Roster Page** located on the main left navigation.

1. To create a **brand-new ScootPad Account** for a student, use the **+ New Student** option.
2. To enroll **existing accounts,** use the **Enroll Students** option.
3. To have students **self-enroll** into the classroom, use the **Student Self-Enrollment** option.

4

PRINT STUDENT SIGN-IN CARDS

Go to the **Student Roster** page, select all students, and click the button labeled **Sign In Cards**.

5

REVIEW AND ADJUST YOUR SETTINGS

ScootPad has provided default settings for Math and ELA, but you may change them.

Using the left panel, click on **Settings** under Math or ELA. You can adjust your class proficiency, learning mode, intervention, and rigor settings on this page.

To adjust general classroom settings (co-teachers, classroom name, student restrictions, etc.), click on **Classroom Settings** at the very bottom of the left panel.
